Even though several transport options are available to reach the town of Hvar, we suggest following the most convenient (total price ~ 30-40eur) one available by public transport: in front of the airport find the Pleso shuttle bus (white bus with Croatia Airlines logo) which will take you directly to the main bus station, located inside the Port of Split. From there you can find the ticket office and take one of the suggested Catamaran lines to the town of Hvar. Once you arrive at the destination, the hotel will be approximately 15 minute walking distance.

If you choose different transportation we may suggest taking a taxi (Bolt, Uber, Cameo) to the Port, followed by a Catamaran to the town of Hvar or the local public transport (yellow bus 37), followed by a walk through Split city center to arrive at the Port.

Please read the detailed instructions with timetables, prices and useful links about each available transport option in the text below. If you'll be buying the tickets for the Catamaran lines beforehand (online), ensure enough time to arrive at the Port before departing to Hvar. If arranging your travel through suggested routes is not possible, please contact the organizers for help with available options.

cost-saving options. We recommend taking Uber, Bolt or Wizi(Cammeo) services due to their price (40-50€) and proven reliability. However, should you decide to take a city taxi, we advise confirming the fare beforehand (prices should be around 55-65€). Taxi ride is approximately 30 minutes long.
