2026

75th Annual Canadian Society of Microbiologists Conference

University of Alberta, Edmonton

MICROBES & GLOBAL CHALLENGES

June 16-19

Guest Speaker
Dr. Ariane Briegel
Institut Pasteur, Paris, France

"Pushing the Boundaries of Cryo-Microscopy to Gain Insight into Microbial Interactions"

SYMPOSIA

S1: Microbes and the future of food
S2: Microbes and energy
S3: Antimicrobial resistance
S4: AI and microbiology
S5: Extremophiles
S6: Social equity/microbiology/ microbiology and society
S7: Bacteriophages
S8: Microbial ecology and sustainability
S9: One Health
S10: Microbiology and health/disease (bacterial pathogenesis)
S11: Agriculture and the plant holobiont
S12: Fungi as nature's engineers for health, environment, and the sustainable bioeconomy

EVENTS

AWARD LECTURES

- R.E. Murray Award
- Thermo Fisher Award
- Armand Frappier Award
- Invited abstract talks

WORKSHOPS

- Career Development
- Equity, Diversity & Inclusion
- Forum on Microbiology Undergraduate Education

CSM SCM
