

MECO 50

50th Conference of the Middle European
Cooperation in Statistical Physics

Dubrovnik (Croatia),

March 25th-29th 2025

at the Inter University Centre

IUC Inter
University
Centre
Dubrovnik

50 Years of

Statistical Physics across Europe:

The **Conference of the Middle European Cooperation in Statistical Physics** welcomes the broad community of statistical physicists to join us in Dubrovnik (Croatia) to share the latest trends and developments in the field and to celebrate 50 years of collaborations across the frontiers.

The conference will run from Wednesday to Friday at IUC, with a welcome reception on Tuesday's evening and expected departure on Saturday.

Scope:

- Disordered and frustrated systems
- Quantum many-body systems
- Networks and complex systems
- Non-equilibrium phenomena
- Soft and active matter
- Biophysics
- Material Sciences
- Interdisciplinary applications

Organizing Committee:

- Fabio Franchini (IRB, Zagreb)
- Ivan Balog (IFS, Zagreb)
- S. Marco Giampaolo (IRB, Zagreb)
- Ivor Lončarić (IRB, Zagreb)
- Ana Sunčana Smith (IRB, FAU)
- Vinko Zlatić (IRB, Zagreb)

Invited Speakers:

Ticijana Ban (IFS, Zagreb, Croatia)
Giulio Biroli (ENS, Paris, France)
Immanuel Bloch (LMU, Munich, Germany)
Hrvoje Buljan (PMF, Zagreb, Croatia)
Léonie Canet (LPMMC, Grenoble, France)
Alberto Catalano (UniPD, Padova, Italy)
Rosario Fazio (ICTP, Trieste, UN)
Andrea Gabrielli (Roma 3, Roma, Italy)
Aljaz Godec (MPINAT, Göttingen, Germany)
Venkat Kapil (UCL, London, UK)
Francesca Mignacco (Princeton, USA)
Adam Rançon (Uni Lille, France)
Christof Wunderlich (Uni Siegen, Germany)
Karol Życzkowski (Jagiellonian, Cracow, Poland)
