

SPONSORSHIP PACKAGE

11th International Symposium on Antimicrobial Resistance in Animals and the Environment

May 25–27, 2027

Centre Mont-Royal · Montréal, Québec, Canada

About ARAE 2027 (see the program and keynotes [here](#))

We are thrilled to announce that Canada will host, for the first time in North America, the 11th International Symposium on Antimicrobial Resistance in Animals and the Environment. This international event will bring together over 300 leading scientists and emerging researchers from Canada, the United States, Europe, and beyond. It promises a unique platform for networking, knowledge exchange, and showcasing cutting-edge research on one of the most urgent global health challenges of our time.

Why Partner with ARAE 2027?

- › Gain high-profile visibility among scientists at the forefront of antimicrobial resistance research
- › Reach a highly engaged international audience of 300+ researchers and decision-makers
- › Position your brand as a key contributor to solutions for this global health challenge
- › Network directly with leading scientists from Canada, the US, Europe, and beyond

Sponsor Opportunities

We sincerely appreciate the generous support of our sponsors, whose contributions make the ARAE 2027 Symposium possible. Depending on the chosen sponsorship level, contributors will benefit from prominent visibility in our program, on our international website, and through inserts and promotional items in the delegates' bags. Sponsors also have the opportunity to sponsor a named coffee break. We are committed to working closely with each sponsor to ensure they receive outstanding recognition and value aligned with their level of support.

Sponsorship Tiers & Benefits

Outlined below are the various ways your organization can participate in ARAE 2027. All prices are in Canadian dollars. Please contact us at arae2027@medvet.umontreal.ca with any questions or specific requests.

Benefit	Platine 4000\$	Gold 2500\$	Silver 1500\$	Award support 1000\$

Student Awards Available for Naming (see details below)	—	—	—	✓

Awards Support

For this landmark edition — the first time ARAE is held in North America — we invite sponsors to fund two prestigious awards associated with the symposium:

Student Awards Available for Naming

- ★ Student Symposium Award — \$1,000
- ★ Student Travel Award — \$1,000

These awards recognize the next generation of antimicrobial resistance scientists and provide long-lasting brand visibility as award recipients cite these honors throughout their careers.

Benefits of Award Sponsorship

- › Your company name featured on the award(s) and all related materials
- › Recognition on the ARAE 2027 website
- › Recognition in all ARAE 2027 print materials
- › Complimentary ticket for a company representative to attend the ARAE 2027 Banquet, where award presentations take place
- › Named coffee break opportunity
- › Advertisement in electronic proceedings

Exhibitor Opportunities

Exhibits, poster sessions, and lunches are scheduled across all three days — May 25, 26, and 27, 2027. Exhibitors enjoy prime placement alongside the scientific program, ensuring maximum engagement with delegates.

Benefits of Exhibiting

- › Logo on Exhibitor Page — maximum exposure on both the printed program and website exhibitor page
- › Exhibitor booth for the entire duration of the symposium
- › Complimentary lunch — provided to all exhibitors (1 for each day)
- › 1 complimentary registration to attend the scientific sessions

Booth Scavenger Hunt — Guaranteed Visibility!

A scavenger hunt will be organized to actively drive student traffic to your booth. Each exhibitor provides a secret word; students who collect all secret words are entered into a prize draw. A participation prize is also awarded.

Exhibitors are invited to contribute door prizes. Exhibitors can select their preferred booth locations (10 available on the third floor; 2 additional spaces near the theater entrance on the first floor). Please contact the organizing committee to confirm your booth preference.

Delegate Bag Inserts

Promote your organization by including a flyer (maximum 4 pages) or a branded promotional item in the delegate bags. You will be notified approximately one month before the conference of the exact quantity required.

Ready to Partner with ARAE 2027?
