

May 1, 2026

On behalf of the organizing committee of the **70th Annual Conference of the Canadian Society for Molecular Biosciences (CSMB 2027) *One Health: From Functional Genomics, Drug Discovery to Precision Medicine***, we are pleased to invite you to sponsor the 2027 conference, to be held **May 10-12, 2027, at the Research and Innovation Centre, University of Regina**. Sponsorship support is vital to the success of this meeting, helping to offset costs for invited speakers and ensuring the conference remains accessible and affordable for trainees, academic researchers, and industry scientists alike.

This seventieth edition of the Conference will bring together more than **200 participants** from academia and industry to showcase and discuss the latest advances in molecular biosciences technologies and their applications. The meeting provides a focused, high-level, and interactive forum that fosters scientific exchange, collaboration, and networking among researchers, trainees, and industry leaders. Over the years, the conference has consistently generated strong enthusiasm within the community and continues to be recognized as a premier event in the molecular biosciences field.

We have assembled an outstanding lineup of distinguished speakers, who are internationally recognized leaders in functional genomics, proteomics, metabolomics, synthetic biology, microbial engineering, AI-powered drug discovery, and precision medicine, among others. Their participation will provide attendees with valuable insights into emerging discoveries, innovative technologies, and future directions in the field.

Please see the preliminary program on the conference website:
